

Vivimed

Mr. Santosh Varalwar
MD and CEO, Vivimed Labs Ltd

The driving force behind the phenomenal growth of Vivimed Labs Ltd, Mr. Santosh Varalwar has had a highly successful entrepreneurial journey starting with an active role in WS Pharmaceuticals in 1985. He later expanded the business to manufacture APIs by acquiring EMGI Pharmaceuticals and Chemicals Pvt. Ltd. Bidar, which was later converted to a public limited company and named as Vivimed Labs Ltd.

Vivimed Labs Public Issue in the year 2005 was an overwhelming success, having been oversubscribed by 40 times. Since then, he steered the company to various successful milestones and aptly merged the pharmaceutical and chemical division in the year 2007 to consolidate and create a global identity. Under his able guidance and leadership, in 2009, the company went ahead to acquire two overseas companies namely James Robinson Ltd. (now known as Vivimed Labs, Europe), in UK, and Har-Met International Inc in USA, which was then merged with Vivimed Labs. USA Inc.
